

**Womens Day 2019 Motivational training program by**  
**Mrs.Sangeetha Sridhar(The Clean India Trail)**

Mrs. Sangeetha Sridhar, a 50yrs old an eGovernment consultant by profession and a wanderlust by hobby, she has lived a camp-and-drive life style abroad for two decades. She has served as an E-Government Strategic Consultant for Electronic service. With an aim to create wider awareness of the SWACHH BHARAT MISSION Mrs. Sangeetha Sridhar is on the Clean India Trail.

The courageous women of our time said we should be strong determined & focused in our life and bring out the braveness lying within us. She insisted it's important to learn new skills as much as possible which will help us in appropriate situation. It was a great experience for students to hear her speech. They were inspired by her every achievement, her contribution to the country and her simplicity. Though we are not very fortunate to live with Gandhiji, we are fortunate enough to watch & live with his follower Mrs. Sangeetha Sridhar who is reliving the life of Gandhiji. Thank you so much mam for stopping in Global Institutions, in the middle of "The great Indian trail"! May God be with you in your each and every move.
